About the Photo Session

Photography of your car is scheduled in advance, and will take approximately 3 hours. Please detail the car prior its arrival for the photo shoot, but come prepared for minor touch-up, especially if the car is driven to the photo location.

You'll be involved in the shoot!

You will probably be asked to move the car several times, open and close doors and panels, adjust mirrors, hold reflector panels, etc. So have fun and enjoy the process. If you need help unloading or loading the car or other mechanical tasks, please bring a helper, as the photographer has his hands full already.

Photo Usage Rights

Photos of the cars belong to Gary Smith, Performance Design. Please contact Gary for other usage of the photos, or the availability of high resolution images.

Contacts

Please contact the photographer or Ryan Mangus at Custom Auto Interiors for additional information, necessary schedule changes, etc.

Legal Stuff

Your car must be fully insured for photography (trailered cars don't need to be licensed, unless being off-loaded on public roads).

Please fill in the following release:

Car Owner Name: _____

Description of car: _____

I am authorized to release my car for photography. The car is fully insured, and I will not hold Performance Design or Ron Mangus Custom Hotrod Interiors responsible for any damage that might happen to the car involving transportation to and from or during the photo shoot.

I understand the photo rights belong to Gary Smith, Performance Design.

If applicable, I authorize the following individual to be responsible for the car in my absence.

Name: _____

Phone: _____

Email: _____

Signature of car owner: _____

Date: _____
